

SURGICAL BLADES

SABRE
E/11
 &
 SABRE
D/15

Blades
 supplied
 sterile,
 protected in
 single peel
 foil packs
 & boxed in
 100's

These 2 Swann-Morton/Sabre blades, the E/11 and D/15, are especially suitable for chiropodists. Individually packed and sterile, they are

produced in carbon steel using Swann-Morton's vast expertise and stringent quality controls. Single peel packs are in metal foil and VPI protected, 100 to a box.

Blades should not be fitted to handles with damaged or worn fitments.
